Public Comment

Consideration of Superintendent Contract:

Negotiations committee (Sheila and Mark) came to an agreement with Sue Hoyer for the Superintendent contract. She will be mentored through State of MT. The University she is taking her classes through requires an internship, which will be supervised/mentored by Bill Colter, allowing her to be fully licensed as a Superintendent.

Since Jeanine Sundby will be done on June 3, an interim contract has been offered to Sue to start prior to July 1, on June 17. This would be her daily rate of pay multiplied by the remaining work days on June.
